dscopycolumn

August 16, 2005

Abstract

Copy a list of columns to a table This task is part of the daltools package

1 Instruments/Modes

Instrument	Mode

2 Use

3 Description

Copy a list of columns to a table

This task copies a given set of columns to a given table.

4 Parameters

This section documents the parameters recognized by this task (if any).

Parameter	Mand	Type	Default	Constraints
columns	yes	StringList		

List of fully qualified column names

to	yes	String		

Fully qualified name of the destination table

5 Errors

This section documents warnings and errors generated by this task (if any). Note that warnings and errors can also be generated in the SAS infrastructure libraries, in which case they would not be documented here. Refer to the index of all errors and warnings available in the HTML version of the SAS documentation.
