Abstract

Library of EPIC pn specific routines developed at MPE

1 Instruments/Modes

Instrument	Mode
EPIC PN	IMAGING, TIMING, BURST

2 Use

pipeline processing	n.a.
interactive analysis	n.a.

3 Description

This package contains routines that may be of general interest but that also are (or may be) used in several EPIC-pn specific tasks. These routines have no command line parameter interface.

4 Algorithm
