Time	Monday 8 June			
08:30-09:30	REGISTRATION			
09:30-13:30 (including 30 min coffee break)	Plenary Scientific Session I and II with Invited/Solicited Talks Auditorium Kuulkers, Hernández, Schartel, De Marco, Bélanger; Ghirardini, Sun, Guillot			
13:30-15:00	LUNCH			
Parallel Scientific Sessions				
	Conference Hall	Room 1	Room 2	Auditorium
15:00-17:00	Active Galactic Nuclei, TDEs, and QPEs I	Groups of galaxies, clusters of galaxies and cosmology I	Supernovae, SNRs, isolated neutron stars and diffuse emission I	Accreting white dwarfs, neutron stars and black holes binaries I
17:00-17:30	Coffee Break			
17:30-19:00	Active Galactic Nuclei, TDEs and QPEs II	Stars, Solar System and Exoplanets	Supernovae, SNRs, isolated neutron stars and diffuse emission II	Accreting white dwarfs, neutron stars and black holes binaries II

Time	Wednesday 10 June			
09:00-13:30 (including 30 min coffee break)	Plenary Scientific Session V and VI with Invited/Solicited Talks Auditorium Wheatley, Borghese, Walton, Buchner Memier, Markevitch, Muñoz Darías, Levan			
13:30-15:00	LUNCH			
Parallel Scientific Sessions				
	Conference Hall	Room 1	Room 2	Auditorium
15:00-17:00	Active Galactic Nuclei, TDEs and QPEs V	(Ultra) Higher-energy transients and GRBs	Groups of galaxies, clusters of galaxies and cosmology IV	Accreting white dwarfs, neutron stars and black holes binaries VI
17:00-17:30	Coffee Break			
17:30-19:00	Free afternoon/ guided tours	Free afternoon/ guided tours	Free afternoon/ guided tours	Free afternoon/ guided tours
Conference Dinner: Hotel Huerto del Cura 20:30-22:30				

Time	Tuesday 9 June			
08:30-09:00	REGISTRATION			
09:00-13:30 (including 30 min coffee break)	Plenary Scientific Session III and IV with Invited/Solicited Talks Auditorium Nazé, Webb, Bamba, Pinto, Ponti; Mummery, Lisse, Slane			
13:30-15:00	LUNCH			
Parallel Scientific Sessions				
	Conference Hall	Room 1	Room 2	Auditorium
15:00-17:00	Active Galactic Nuclei, TDEs and QPEs III	ULXs	Groups of galaxies, clusters of galaxies and cosmology II	Accreting white dwarfs, neutron stars and black holes binaries IV
17:00-17:30	Coffee Break			
17:30-19:00	Active Galactic Nuclei, TDEs and QPEs IV	Accreting white dwarfs, neutron stars and black holes binaries III	Groups of galaxies, clusters of galaxies and cosmology III	Accreting white dwarfs, neutron stars and black holes binaries V

Time	Thursday 11 June			
09:30-13:30 (including 30 min coffee break)	Plenary Scientific Session VII and VIII with Invited/Solicited Talks Auditorium Giustini, Corbel, Ota, Wilkins Margutti, Brightman, Vander Meulen			
13:30-15:00	LUNCH			
Parallel Scientific Sessions				
	Conference Hall	Room 1	Room 2	Auditorium
15:00-17:00	Active Galactic Nuclei, TDEs and QPEs VI	Theory and simulations I	Supernovae, SNRs, isolated neutron stars and diffuse emission III	Accreting white dwarfs, neutron stars and black holes binaries VII
17:00-17:30	Coffee Break			
17:30-19:00	Active Galactic Nuclei, TDEs and QPEs VII	Theory and simulations II	Future missions	Groups of galaxies, clusters of galaxies and cosmology V
